May 2024 Edition

Next Meeting

Bill Palmer / Newsletter Editor

Those of you that attended the April 15th SIRS luncheon are aware that we are trying a different approach for a more accurate lunch count at our meetings. I did a test invite request from an app called Evite. To be clear, the test was a simple email dump from our roster to the Evite address book. We discussed the ongoing issues with email. I passed a sheet around to get everyone's cell phone number because the roster we have was not clear or updated. I would like to use cell phone numbers with the Evite app. This will give us a higher success rate of everyone receiving the invite. Upon receiving the Evite invitation all you need to do is respond Yes or No and if you like you can add a small note, like bringing a guest, etc.. A few people have asked to use an email over a cell phone. I am happy to accommodate the request but please contact me with any special request you might have. For those of you that did not attend the April meeting I am using the phone number that is on the roster and I have no way of knowing if it is a cell phone or a home phone. If you are reading this and you did not get the Evite for this month than you might need to contact me to update your cell phone number. If you do not regularly attend the meeting and luncheon you can OPT out through me but then I cannot guarantee that you will have lunch if you choose to attend a meeting in the future.

To summarize, I will send out the Evite Invitation on the Monday prior to the scheduled meeting. Please respond as soon as possible so we can get an accurate count. Any questions, suggestions or concerns please contact me or seek me out at the meeting.
